This directory of services has been compiled by the Morris County Office of Aging, Disabilities and Community Programming. If you are over the age of 60, disabled or a veteran of the United States Armed Forces, you may be eligible for a variety of services listed within this directory.

Many of the programs listed are provided by the Morris County Office of Aging, Disabilities and Community Programming, State and County Agencies, and through private Foundations and Charities. The Morris County Board of Chosen Freeholders, the Older Americans Act and the State of New Jersey are responsible for much of the funding for these programs.

The New Jersey Department of Human Services have established a "one-door" access to services that will help people age in place. In New Jersey, this is called the Aging and Disability Resource Connection (ADRC) and/or Area Agency on Aging (AAA). Individuals and caregivers can receive information on a variety of services designed to foster the independence and dignity of Morris County citizens in need of assistance.

The Morris County Aging & Disability Resource Connection (ADRC) can be reached by calling (800) 564-4656 or (877) 222-3737.

Our hours of operation are 8:30 AM to 4:30 PM, Monday through Friday. In addition to the programs and services described in this brochure, the Morris County Office of Aging, Disabilities and Community Programming provides lectures, trainings and special events.

This directory provides general information on Morris County non-profit organizations. The Morris County Office of Aging, Disabilities and Community Programming reserves the right to publish items as space permits. Listed programs do not imply endorsement.
