

Stoney Brook Community Farm Coming Soon

**Do You Have A Passion for Gardening and
Are Interested To Serve on a Committee?**

Hanover Township will be opening the Stoney Brook Community Farm in the spring of 2017. This farm will give residents an opportunity to grow fresh, local produce for themselves and provide fresh produce to the Interfaith Food Pantry and others in the area.

We are looking for residents who have a passion for gardening and are interested in applying to serve on this Committee. If you fit that description please forward a letter of interest telling us about yourself and any attributes and/or skills that you believe will be helpful in guiding the direction of the farm and garden. This is a wonderful opportunity to get involved in an exciting project. Please send your letter to jgiorgio@hanovertownship.com
