CURRENT BUSINESS:

Topic: Website Project Update

Discussion: IC Snow showed the group the new production website which was completed earlier that week. The site was far from finished as some content revisions and customizations need to take place before it goes live. The group went through the menus and pages offering some advice on changes that should be made.* Chairperson Breen broke the group up into subgroups to focus on different areas of the last phase of the project: Content, Implementation and Promotion. The group was given the link to the production site to distribute to friends and family to offer more feedback and insight on changes that can be made to the website. The subgroups agreed to meet before the next meeting and prepare suggestions for IC Snow and the Township to implement.

*After the meeting there was a scheduled video conference with CivicPlus for the website reveal. Several EDAC members dialed in and some of the discussed changes were made to the production site.

ADJOURNMENT:

The next meeting of the Economic Development Advisory Committee (EDAC) is scheduled for January 18, 2019.
