

Township of Hanover Inclusive Healthy Communities Mobility Plan

About the IHC Mobility Plan

The Township of Hanover received a \$100,000 grant to help the community promote the inclusivity, health, and well-being of individuals with disabilities. The Inclusive Healthy Communities (IHC) Grant Program is from the New Jersey Department of Human Services Division of Disability Services.

Before applying, the Township interviewed individuals with disabilities and various local organizations, advocates, educators, and businesses to learn of either barriers they face or opportunities for the community. The findings from these interviews guided Hanover's proposal for a Mobility Study to determine the specific needs of the Township and then the strategic long-term Mobility Plan.

The Township is partnering with ARC Morris, Employment Horizons, and Morris County to ensure that the Mobility Plan effort reaches and improves the lives of its target population.

Mobility Plan Goals

- Create opportunities for greater mobility in the community and make it a truly inclusive place to work, live and play
- Maximize efficiency of the Township's existing transportation network and infrastructure by developing strategies for long-term transportation upgrades that:
 - ✓ Are inclusive of people with disabilities
 - ✓ Advance sustainable practices, systems, and environmental changes
- Implement immediate traffic infrastructure changes at key crosswalk locations and service upgrades to the Township's Dial-A-Ride service

This initiative was funded (or funded in part) by an Inclusive Healthy Communities Grant from the Division of Disability Services, New Jersey Department of Human Services.
